MEMBER PRODUCTION AGREEMENT

INTRODUCTION/BACKGROUND

1. It is not uncommon for current members of A-Spire to want to form a separate group in order to perform a play of their choosing. This document will navigate and explain how members can successfully work through the process to bring their production to fruition.
2. Due to our small stage and venue, we've found that we can't support the large productions necessary to employ all of our willing members at the same time; so consequently, we've taken an alternate route. Instead of having one large, centralized production, we've found that having a number of smaller concurrent productions enables us to maximize the number of members at the same time. The other benefit to this is that a member can be casted in Play A, but then take on another role for Play B (ie: lighting/sound, stage manager, etc.). The opportunities are endless.
3. Any member or group of members with an idea for a production will need to fill out the Member Production Request Form and present this to the Board. The Board is, of course, responsible for the operations of the theatre; however, it is also their job to review each of the member ideas and then coordinate the association's resources between all groups. This includes everything from arbitrating scheduling conflicts, coordinating multiple-group performances, managing the requests from visiting theatre groups, and taking care of common tasks of putting on each performance.

Application Process

4. A Request Form is attached as the first page of this document. Simply fill out the form in pen or online and submit it or provide the same information to any member of the A-Spire Players' Board of Directors (the Board).
5. Primary Contact. One person must be identified as the Primary Contact for the group or production. If for some reason, the individual identified cannot continue in this role, one other individual may be selected. No other than the one substitution may be permitted.
6. Time Limitations. The total length of time of your request, is not to exceed 12 months and may not extend past September 30th of any year. These restrictions are designed to permit changes to the Board at the association's Annual General Meeting (AGM) held each September.

Content

7. The content of the productions is only limited in that:
 - a. At the request of the Gimli Unitarian Church, the owner of A-Spire Theatre, presentations conducted in the theatre should not affront the character of the church as a religious institution; and
 - b. The presentation should not legally require the audience to be limited or restricted such as "Adults Only".

Approval Process

8. Once your Request Form is submitted, you should have a response within seven (7) days. If you have not heard anything within seven (7) days, contact the Board's member you submitted the form to.
9. Your request will be scheduled to be reviewed at the next Board meeting, normally held monthly. You will be invited to attend the meeting to be able to: to provide additional explanation of your production and support requirements; and receive direct feedback on your request.
10. Your request will be discussed and decided on by the Board. Once your request is approved, a Board representative will be specifically tasked to liaise with you and your group. All further items or concerns should then be addressed through that representative.
11. Should your request be denied for the current year's schedule, your group can resubmit the request form for the following production season.
12. Any desired changes from the conditions, stipulations and/or limitations as listed in this document must be approved by the board in advance.

SUPPORTS AVAILABLE

Insurance Coverage

13. One of the main reasons for the review process is to ensure that your group's activities are eligible for coverage by the A-Spire Players' Insurance Coverage and to register your activities for that coverage. Once approved, your group's activities will be covered for damages and injuries caused due to negligence during rehearsals and performances.

Use of Facilities

14. Rehearsals. The Board is responsible for all bookings; therefore, please ensure you provide your preferred rehearsal days on the request form. If there is a conflict with days selected, the Board will work with you to find an alternative rehearsal schedule.
15. Rehearsal Space. Due to the nature of the organization as an association, the facilities are a shared resource. While putting on your rehearsals and preparing for your performance, other groups will be holding their rehearsals and preparing for their performances. As such, all of your production's props and furniture must be removed from the stage at the conclusion of all rehearsals unless otherwise approved by the Board.
16. Performances. A standard set of performances traditionally consists of three (3) performances, Friday and Saturday nights starting by 7:30 pm and a Sunday Matinee starting by 2:30 pm. The house normally opens 30 minutes before the performance time and intermissions (if any) are normally 15 minutes in length. Other performance timings, such as a Saturday matinee, must be brought to the Board for approval.

17. Length of Performance. The length of your performance will also impact on the format of your performance.

- a. If production is 60 minutes or less and we do not have another group to add to the program, then ticket price should reflect a shorter performance. (ie: \$15.00)
- b. Over 75 minutes - your performance will be scheduled for its own performance date(s) and tickets will be \$25. Normally, based on the amount of effort that is usually required to put together a performance of this length, it is expected that your group will perform at least twice on two separate dates and will be considered for inclusion in our Summer Theatre Schedule.
- c. Under 75 minutes - your performance may be scheduled in concert with one or more other group performances in order to provide the audience with a full program. A-Spire Players also reserves a number of events during the year, where smaller, single performances may be combined; or

18. Cancellation. Once a performance date or dates have been set and the minimum number of days' notice has elapsed, it is expected that the show will go on as scheduled and only under extreme circumstances will the performance be canceled.

19. Other Member Functions. The Board commonly entertains requests to use the facilities for member functions such as birthdays, anniversary, retirement, etc.. These events must be open to all A-Spire Players' members and are reviewed on a case-by-case basis.

Funding

20. Once performance dates have been set, each approved group is provided a budget to which they may be reimbursed. Additional funding may be requested on a case-by-case basis.

21. No expenditure(s) shall be made prior to the approval of a budget or expenditure(s) by the Board.

22. The general formula for calculating the budget value per performance is:

The Number of members (both on and off stage) X
The Length of the performance in hours (to the nearest quarter) X
\$20.00 Membership fee (as of Oct 2016)

However, as a minimum, the budget will ensure that all legal requirements may be met including paying for performance fees and the purchase of scripts.

Props

23. A-Spire Players' maintain a limited stock of previously used props in the shed behind the theatre. All approved groups are welcome to request to view and utilize these items. Consequently, all groups are welcome to add to our stock any props and/or costumes they are finished with and no longer want.

Sound & Lighting Equipment

24. As with many theatre groups, A-Spire Players' maintains its own sound & lighting equipment. Approved groups may request usage of the equipment. However, due to the expense of the equipment, any usage must either be performed by a member who has previously been qualified by the Board to use the equipment or under the supervision of a member who has previously been qualified by the Board to use the equipment.

25. It is the group's responsibility to find and select a qualified individual to operate the sound and lights for your production. Your liaison Board member can suggest qualified members to work with your group or coordinate the training and/or assessment of your selected individual if they are not qualified.

Advertising

26. Once a performance date or dates have been established, the Board will coordinate the advertising for the performances and pay for those subsequent expenses for the advertising including:
